CLEANING

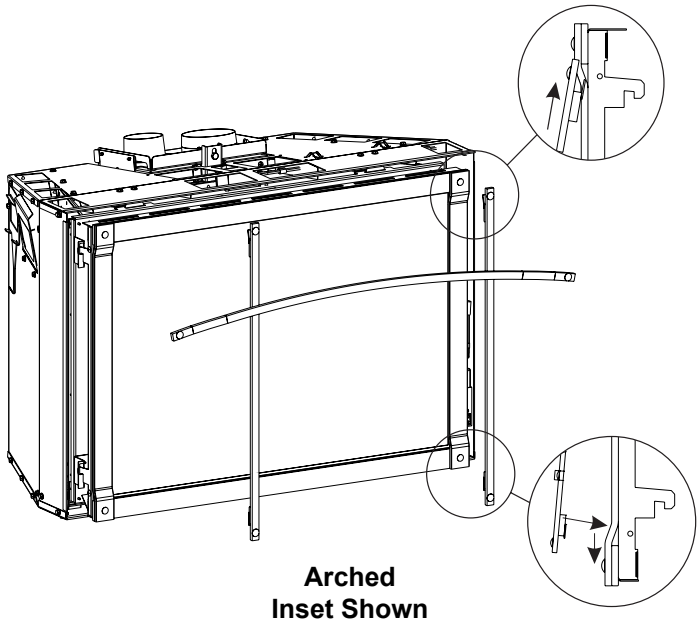

With the unit turned off and cool to the touch, use a 50/50 solution of vinegar and water and a clean soft cloth to remove dirt and fingerprints. Clean frame before and after start-up and again anytime oil or fingerprints are present. When heated, oil from fingerprints or left over from manufacturing can permanently discolor the plating.

INSTALLATION

Slide top part of trim into frame and swing bottom part against the frame and down. Center left to right.

NOTICE: Contact your dealer for installation, service, repair, or warranty claim

Empire Comfort Systems does not sell, service, or provide warranty directly to consumers. The consumer must contact the dealer where the product was purchased for a warranty claim. If a non-qualified installer or consumer installs or services this product, the product warranty is voided. Most dealers will only service products they sold so it is important for the consumer to choose a qualified dealer for installation and warranty service. In order to maintain the warranty, service must be performed annually and documentation reviewed during the warranty request.
